

# How to increase our capacity to make better choices: the demands on cognitive resources

Excellence in Policing 2018

LinkedIn: peter-kawalek-0a58723

LinkedIn: tonydawson999

Loughborough University – Centre for Information Management

## TIPS

Google: Startup Outlook in Calendar

Google: Outlook rules to color code email

## WIKIPEDIA

Attention management

e-Learning

List of cognitive biases

Heuristics in judgment and decision-making

Naturalistic decision making

## RECOMMENDED BOOKS

Thinking fast and slow - Daniel Kahneman

Organized Mind: Thinking Straight in the Age of Information Overload - Daniel Levitin

Behave: The Biology of Humans at Our Best and Worst - Robert M Sapolsky

Cambridge Handbook of Multimedia Learning (2<sup>nd</sup> ed 2014) (*Definitive reference book but not cheap. Amazon LookInside gives a good introduction.*)
