

Promoting improvements
in policing and fire & rescue
services to make everyone safer

Excellence in Policing Conference
25 September 2018
HMI Matt Parr CB

the next 20 minutes ...

- reflections on 2 years as HMI
- exploring “effectiveness” and “efficiency”, the HMICFRS way
- demand & risks, and ways to manage them
- managing the message
- the prognosis for policing

Effectiveness: state of policing 2017

Good

good...

at what?

Requires improvement

from whose perspective?

“good” or “good enough”?

Efficiency: what do we want?

Ways to manage risk: 2

Managing the message

“I am encouraged to see that Merseyside Police is committed to doing more to keep children safe. When the force’s own case audit showed failings in how it responds to child protection incidents, it took quick and decisive action to tackle the problem head-on. This shows me that safeguarding children is a real priority for the service.”
